About My Program

I'm currently doing two programs for schools and libraries.

A Day in the Life of a Writer

I've been a full-time writer since 2013, after working in an office for 21 years. This program describes what an author's typical day is like, including a discussion of careers.

You're a Character

This workshop demonstrates how authors create characters through demonstrating the small details of what makes up each person. Students will be asked questions about their own unique interests, including hobbies and favorite books to show how this makes them unique.

What I'll Need

Projector

Microphone for larger areas

Table for displaying my books

How to Book:

Please contact me at least 60 days in advance. I'll send my pre-visit materials. Once my Author Visit Information Sheet has been completed, I'll add you to my calendar.
